

The Speckled Egg

A second location for the popular Pittsburgh-based restaurant opened in 2023. A former restaurant space, WNA provided demo drawings, designs for new lighting, controls, fire alarm devices, and installing new sprinklers throughout the space. Also included in the scope of work was providing new grease traps at dishwasher, 3- bowl sink, and other pre-rinse sinks require by ACHD. The design incorporated a family toilet room, new finishes for the existing toilet rooms, new garage doors, and sliding doors along with configuration of power to the new façade sign.
